# How to View and Comment on Your Blog

1. Go to your blog address. I.e. usulifespanlab.blogspot.com The page will look something like the below picture.

2. To comment click on the "No comments". This will change depending on the amount of comments on this post.

3. This will bring up a comment box were you can add your thoughts.

4. Once you have finished your comment, click the "Publish" button and you have successfully commented!
